

# Stewards RISE UP Program

Community Empowerment Movement Network and DreamVision Nation, Inc. are pleased to include you in our interview process for 100 Churches and Spiritual organizations. We are submitting this proposal for services to support Churches and Spiritual Organizations Entrepreneurial Programs achieve its goals for improving stewardship results by helping set up Small Business Resource Centers to assist in training, education and accessing networks to enhance and expand financial literacy and exposure in the religious communities through the "Stewards RISE UP Program". We have partnered with dozens of small businesses, churches, educational components and financial institutions throughout the United States to enhance investing, financing, credit and literacy opportunities. Also, will also be assisting with The Stewards Rise Up "No - Doc Fast Easy" \$5,000 to \$500,000 business Funding Program.

The first corollary of the Law of Abundance says that, "People become wealthy because they decide to become wealthy." They become wealthy because they believe they have the ability to become wealthy. Because they believe this completely, they act accordingly. They consistently take the necessary actions that turn their beliefs into realities. You can always tell what your beliefs really are by looking at your actions. There is no other way.

The second corollary of this law says: "People are poor because they have not yet decided to become Wealthy."
